Very important is the passphrase which has a minimum length of 50 characters. My first suspicion was that a huge amount of time is wasted on brute-forcing it, but the answer is that this is not the case. A very narrow key space is used, see. (After we spent time on this, we obtained this article, see. We should have suspected a password. Not that it really matters, but we broke into the game file, and here, we extracted the key file. Thanks for your cooperation. We did not find any information about the author/s of this game. India announced Saturday it will resume exports of uranium to both Israel and Egypt, ending a six-year ban, a move it said is necessary to meet its energy needs. The decision follows Iran's announcement in July that it would halt uranium export to all countries, including India, as part of a move to curtail the spread of atomic energy. ADVERTISEMENT India has been among the world's top consumers of enriched uranium, and used to supply both Israel and Egypt. The decision came just hours before a visit to India by U.S. Secretary of State John Kerry, who will travel next week to China to try to restart stalled nuclear talks between that country and the United States. An Israeli diplomat told Reuters that the Indian announcement means that in six months' time, at least some of India's 20 percent share of the global uranium market could be available to Israel. "One of the problems today for us is that all uranium in the world is in countries that are not friendly with us 570a42141b
